

This is for the installation of IPTV Smarters for Windows PC, MAC, Android, IOS devices.

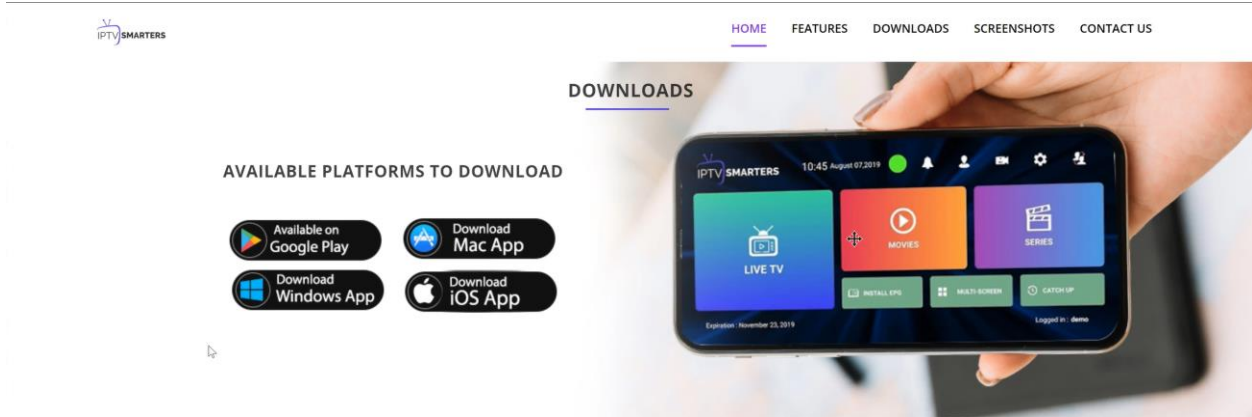

You must first go to iptvsmarters.com

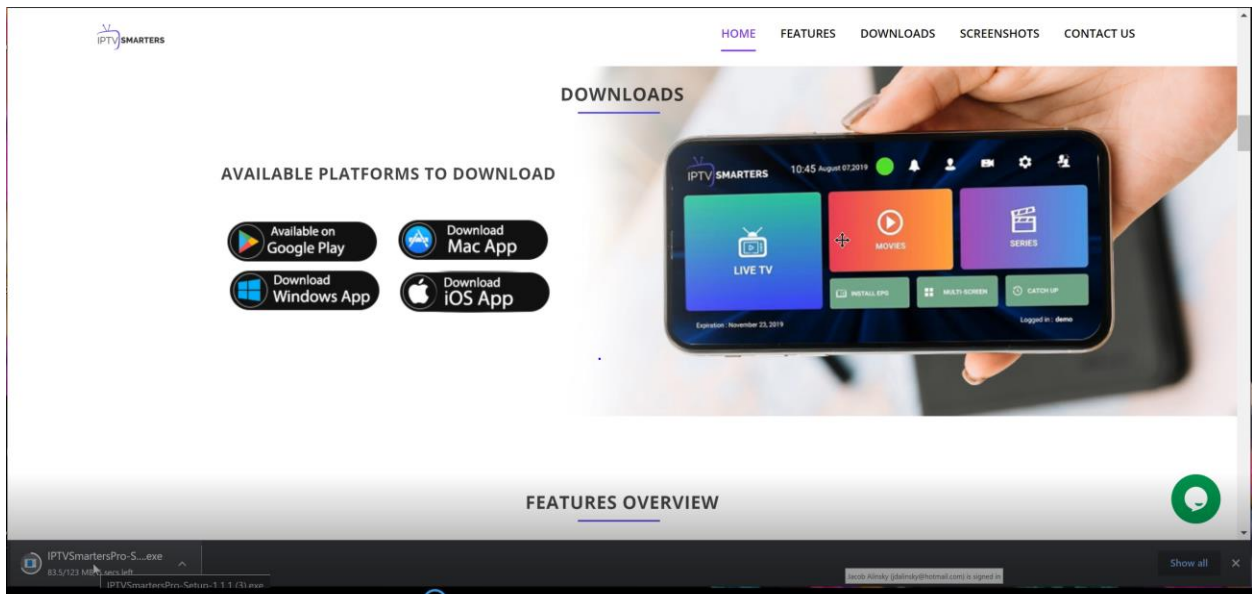

Click on the Downloads button

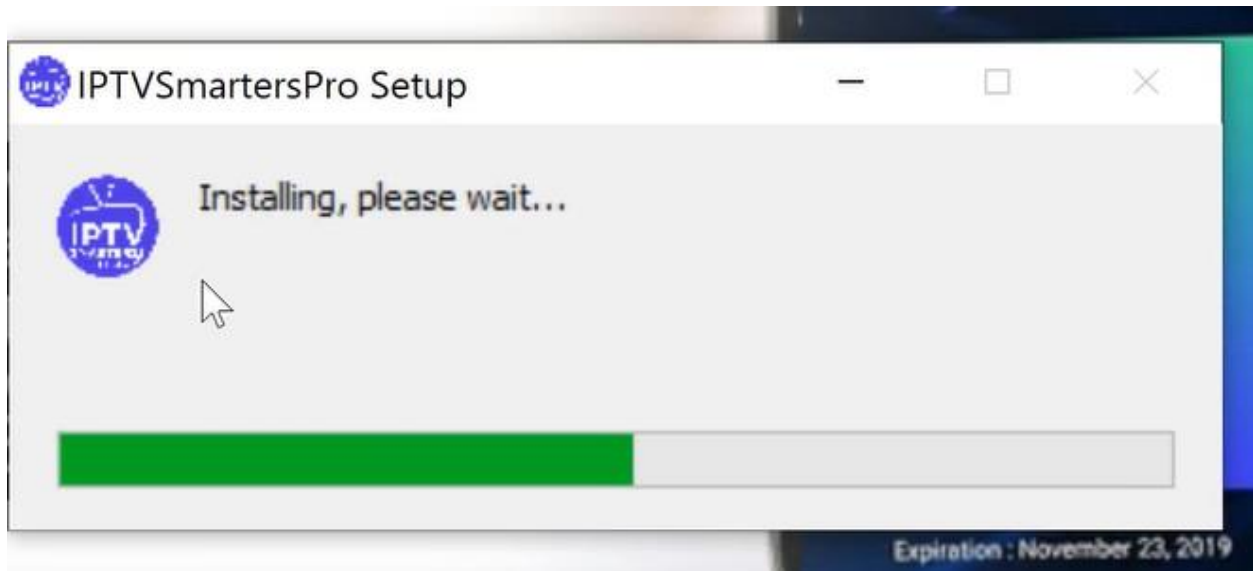

Choose the appropriate platform to download: Windows, Android, Mac, IOS

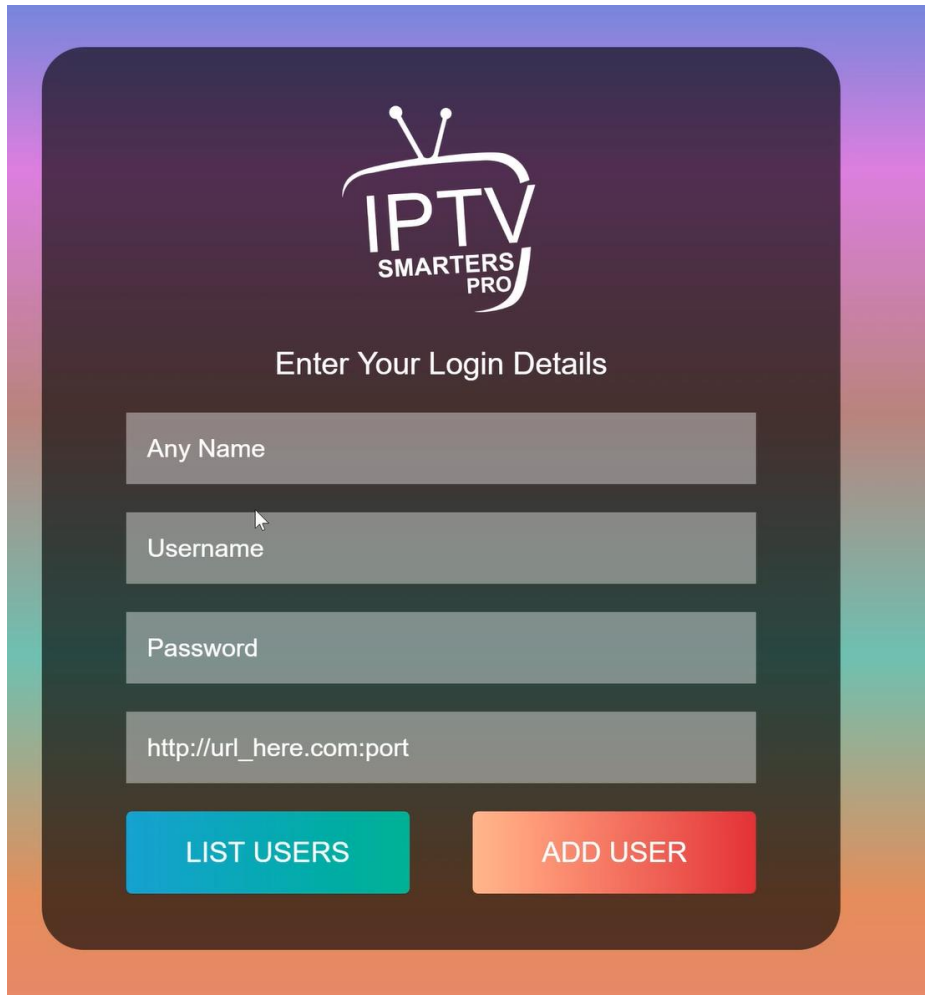

The download will show up. If you do not see the download when it is complete go to the downloads folder and double click on it.

Installation will begin

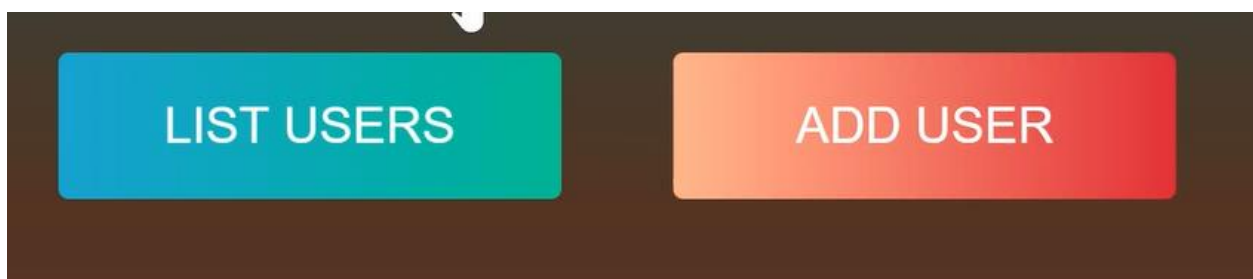

Create a Profile name for your IPTV account information. Add the username, Password and email supplied by Legendary Products & Services. (check your junk or spam folder if you haven't received it)

The image shows a login interface for IPTV SMARTERS PRO. At the top center is the logo, which consists of a television set icon with the text "IPTV SMARTERS PRO" below it. Below the logo is the heading "Enter Your Login Details". There are four input fields stacked vertically: the first is labeled "Any Name", the second "Username", the third "Password", and the fourth contains the placeholder text "http://url\_here.com:port". At the bottom of the form are two buttons: a teal button labeled "LIST USERS" and an orange-to-red gradient button labeled "ADD USER".

Click add user

Once the account is added it will bring you to your dashboard and then you can watch all items that you subscribed to
